(1) General Control not comparable with subsequent years because of change in classification of accounts.

(2) This amount could not be distributed among items of current expenditures for the reason that prior to 1929-30 present classification of accounts was not in use.

(3) Prior to 1933-34 disbursements from Support and Maintenance Funds, District Interest and Sinking Funds, and District Bond Construction Funds were not reported separately.

(4) Since 1937-38 accounts of funds for the Support and Maintenance of Schools have been on an accrual basis.

(5) Does not include other items such as Purchase of Investments, Liquid Investments, Frozen Balances, Transfers, etc., after 1937-38.

(6) Unreconciled difference—Receipts and Expenditures.

(1) Salaries reported prior to 1937-38 represent actual annual disbursements and in some years salaries contracted for were not paid in full. Since 1937-38 accounts have been on an accrual basis and amounts represent actual disbursements plus obligations incurred during the year. Amounts given for each year include salaries of Supervisors, Principals, and Teachers.

(2) Prior to 1936-37 disbursements for transportation reported under Auxiliary Agencies included operation and new buses. Beginning with 1936-37 payments for new buses have been reported under Capital Outlay, and since 1939-40 Insurance has been reported under Fixed Charges.

(3) Amounts paid for new buses, reported under Capital Outlay, not included in current expenses after 1936-37.

(4) Original cost of school property estimated after 1936-37.

(5) Payments reported for Interest for 1929-30 to 1931-32 evidently include interest on bonds and time warrants, as well as current interest.

(6) Beginning with 1933-34 fees for Collectors and Assessors for Interest and Sinking Fund Taxes are included, but are not included after 1937-38.

(7) Includes operation expenses, insurance, and estimated cost of depreciation.

(8) From Statistics of State School Systems, U.S. Office of Education.

(9) The base for calculation includes salaries paid White Supervisors who supervised Negro Schools, which was charged to the cost of Negro education.

(10) The base for calculation does not include salaries paid White Supervisors who supervised Negro Schools.

(11) Average (including Supervisors) cannot be computed separately for white and negro since in some counties general supervisors have supervision over both races.

(12) Per pupil cost for Florida given by the U.S. Office of Education includes in current expenses the administrative cost of the State Department of Education, and some years include the state's contribution to the teacher retirement fund, therefore does not agree with the per pupil cost given in this report on the county level.

* Day Schools. Prior to 1949-50 Junior College not included.
